Directions to the Rochester Baby Lab
Lab phone: (585) 275-4621

The Rochester Baby Lab is located in Meliora Hall on the University of Rochester’s River Campus (not the Medical School campus). Meliora Hall is indicated by the star on the map below, at the intersection of Intercampus Drive and Library Road. There is a small parking lot directly adjacent to Meliora Hall, with two reserved parking spots for the Baby Lab.

Directions to the lab:

From the West and North: Exit I-390 at Scottsville Road (exit 17); turn left onto Scottsville Road, which bends right after 1 mile and becomes Elmwood Avenue; immediately after crossing over the Genesee River on Elmwood, turn left at the stop light onto Wilson Blvd.; take the first right onto Trustee Road and proceed 1 block until the road ends; turn left onto Intercampus Drive; proceed 1/4 mile, through one stop sign; just before the second stop sign, turn left into the Meliora Hall parking lot; the Baby Lab parking spots are in this lot (with signs labeled Rochester Baby Lab).

From the East and South: Exit I-390 at East Henrietta Road (exit 16); turn right (North) and proceed to Elmwood Avenue (via either Mt. Hope Avenue or South Avenue); turn left onto Elmwood and proceed 1 mile (you will pass the UR Medical Center on your left); Elmwood will bear slightly to the right and under a bridge; at the next stop light, turn right onto Wilson Blvd.; take the first right onto Trustee Road and proceed 1 block until the road ends; turn left onto Intercampus Drive; proceed 1/4 mile, through one stop sign; just before the second stop sign, turn left into the Meliora Hall parking lot; the Baby Lab parking spots are in this lot (with signs labeled Rochester Baby Lab).
